

Recognize Your Care Champion

Many of our patients and families wish to express gratitude for the care they received at Columbus Community Hospital. Through the Care Champion Program, patients and families have the opportunity to make a gift and share their story of gratitude. Those recognized, whether they are a Columbus Community Hospital physician, nurse, housekeeper, volunteer or other caregiver, will be presented with a Care Champion pin to proudly wear as valued affirmation of their caring dedication. Any donation made on behalf of a caregiver is tax-deductible and will help fund our many health and education programs and services.

Call 402-562-3377 or email foundation@columbushosp.org for more information about the Care Champion Program.
