Learn how to protect your loved ones at Kids Safety Day

For Immediate Release

(COLUMBUS, Neb.) – Columbus Community Hospital and Mike's Auto Sales and Towing invite you to learn safety tips from local experts at this year's Kids Safety Day. The event will be from 11 a.m.-2 p.m. on Saturday, Sept. 28, at Mike's Auto Sales and Towing, 1858 33rd Ave. in Columbus.

Kids Safety Day includes demonstrations and displays that allow children and teens to learn about fire, seat belt and power line safety, among other important topics. There will be certified car seat technicians on-site to conduct free car seat checks on a first-come, first-served basis. Attendees also receive a free lunch from Runza restaurant and can enter for their chance to win free bicycle equipment.

“This event is a very good way for kids to learn about safety of all kinds and have fun at the same time,” said Mike Fleming, owner of Mike’s Auto Sales and Towing. “This year, it’s really special because the Columbus Morning Rotary Club is donating 150 helmets for kids to receive on a first-come, first-served basis.”

Local public safety organizations will be at the event, including state and local law enforcement, Columbus Fire and Rescue and Loup Power District. Columbus Community Hospital will also have health professionals on-site to teach children health safety tips.
