

OUR HOSPITAL

Our 50-bed acute care hospital is certified for swing beds with an additional 15 ambulatory outpatient beds. Established in 1972 by the merger of St. Mary's Hospital and Behlen Memorial Hospital, this not-for-profit hospital is governed by a local board of directors. We are licensed by the Nebraska State Board of Health and accredited by the Joint Commission.

We are a member of the Nebraska Hospital Association (NHA), the American Hospital Association (AHA), Voluntary Hospital Association (VHA) and the Heartland Health Alliance (HHA).

OUR PEOPLE

- **More than 900 employees.**
- Active medical staff of **52** physicians representing **14** medical specialties.
- Additional **15** specialty services available for the community on an intermittent basis from visiting physicians.
- More than **230** volunteers.

OUR FACILITY

- Columbus Community Hospital's **153,000**-square-foot building was constructed in 2002 and is located on 80 acres in the northwest part of Columbus.
- **In 2012**, the hospital completed a **30,000**-square-foot addition. This allowed for expansion in the emergency department, increased patient privacy in the registration area and created a women's imaging center.
- **In fall 2015**, the hospital collaborated with the **YMCA** to open the Columbus Wellness Center on adjacent property. Most of the Rehabilitative Services department moved to the Columbus Wellness Center, and the pediatric rehabilitation service, Wiggles & Giggles Therapy for Kids™, relocated there from its off-site location.
- In August 2017, the CCH-owned **Child Care Center** opened. The Child Care Center accommodates up to 101 children and gives CCH employees a convenient child care option.
- The hospital offers inpatient and outpatient care, surgery and **24-hour** emergency care.
- The hospital's **south campus** houses offices for the medical outreach services of home health and hospice, Healthy Families and occupational health services.
