### **Columbus Community Hospital to celebrate National Hospital Week**

For Immediate Release

**(COLUMBUS, Neb.)** – Columbus Community Hospital will celebrate National Hospital Week from May 8-14.

National Hospital Week highlights hospitals and health systems and the innovative ways they support and connect to their community, which was especially important during COVID-19 surges. The theme of this year’s recognition is “We are health care.”

This nationwide recognition also serves as an opportunity to thank everyone who works in the medical field for supporting the health and well-being of their communities.

“National Hospital Week, first and foremost, is a celebration of people,” said Mike Hansen, president and CEO of the hospital. “We’re extremely proud of each member of our staff, and we recognize the important role they play in extending a sense of trust to our patients and communities.”

CCH will celebrate National Hospital Week by thanking its staff and rewarding them with giveaways and fun activities.

For more information on National Hospital Week or how the hospital works to support the health and well-being of the community, visit [www.columbushosp.org](http://www.columbushosp.org).
