Columbus Community Hospital wishes radiation oncologist well in retirement

For Immediate Release

(COLUMBUS, Neb.) – Columbus Community Hospital and Columbus Cancer Care announce the retirement of Joan Keit, MD, FACRO, radiation oncologist at Columbus Cancer Care, after 14 years of service in Columbus.

Keit opened the radiation oncology clinic in 2011 because she wanted to ensure that the people of Platte County could receive high-quality radiation care, close to home.

Until Columbus Community Hospital finds a permanent replacement, Margaret Barnes, MD, and Subashini Furman, MD, will be serving our community on temporary basis.

The hospital wishes to thank Dr. Keit for her dedication to treating the cancer patients of Columbus and the surrounding communities.
