Humphrey Medical Clinic treats whole families, rain or shine

For Immediate Release

(COLUMBUS, Neb.) – Having a trusted health care provider is important. The providers at Humphrey Medical Clinic can care for whole families, including moms, dads, babies, grandmas and grandpas.

“At Humphrey Medical Clinic, you receive expert care close to home,” said Korie Whitmore, director of clinics at Columbus Community Hospital. “Our knowledgeable and experienced providers and staff are passionate about what they do, and they treat you like family.”

The providers — including doctors and family nurse practitioners — offer preventive care and treat common medical conditions relating to:

- Bone and joint care.
- Ear, nose and throat care.
- Infant to elderly care.
- Chronic conditions such as asthma, diabetes and heart disease.
- Mental and behavioral health.
- Minor surgical procedures, such as wart freezing.
- Well-woman care and family planning.

If you have a health condition that requires specialized care, Humphrey Medical Clinic can give referrals to a specialist and help coordinate next steps and follow-up care.

“The providers here are dedicated to offering high-quality, personalized health care in a safe and comfortable environment,” said Whitmore. “They develop personal, trusting relationships with patients and their family members. You can trust they will be here when you need them.”

For more information or to make an appointment at the clinic, please call 402-923-0412.
