Kids Safety Day returns after two-year hiatus

For Immediate Release

(COLUMBUS, Neb.) – Columbus Community Hospital and Mike's Auto Sales and Towing invite you to learn safety tips from local experts at this year's Kids Safety Day. The event will be from 10 a.m.-2 p.m. on Saturday, Sept. 24, at Mike's Auto Sales and Towing, 1858 33rd Ave. in Columbus.

Kids Safety Day includes demonstrations and displays that allow children and teens to learn about fire, seat belts and power line safety, among other important topics. Attendees also receive a free lunch provided by Runza and can enter for their chance to win a free bicycle.

"It has been two years since we last held our Kids Safety Day event, and we are excited to get back to it," said Mike Fleming, owner of Mike's Auto Sales and Towing. "The event's main goal is to educate kids about their safety, and our community leaders are committed to doing just that."

Local public safety organizations will be at the event, including but not limited to state and local law enforcement, Columbus Fire and Rescue and Loup Power District. Columbus Community Hospital will also have health professionals on-site to teach children health safety tips.
