Open house provides inside look at Columbus Surgery Center

For Immediate Release

(COLUMBUS, Neb.) – After several renovations, Columbus Surgery Center is ready to start the next chapter of bringing the gift of health and wellness to the community and is inviting the public along for the ride.

All are invited to attend the Columbus Surgery Center open house on Thursday, Jan. 13, 2022, at 2:30 p.m. The open house will be at the facility, 3772 43rd Ave., Suite B in Columbus. Members of the public are welcome to refreshments as they take tours of the surgery center.

Columbus Surgery Center has been serving the Columbus community and surrounding area since 2007. Columbus Community Hospital officially took ownership in June 2021, as Dr. Peter Diedrichsen looked to transition ownership.

CCH continues to provide ophthalmology, endoscopy and pain services to the Columbus community and surrounding areas on an ongoing basis. Through the Columbus Surgery Center, CCH can broaden its scope and provide continued patient care.

Those who wish to attend the open house should RSVP to Mandy Lauck at 402-562-3380 by Jan. 10.
