### **Importance of Caring Articles Highlight CCH Staff Combating COVID-19**

For Immediate Release

**(COLUMBUS, Neb.)** – Columbus Community Hospital's "Importance of Caring during COVID-19" newsletter is a publication that highlights employees and physicians within the CCH organization and their impact and personal journeys during the COVID-19 pandemic.

The publication started in April and new articles are posted daily. They are available on the CCH website: [https://www.columbushosp.org/news\\_events/importance\\_of\\_caring\\_during\\_covid-19.aspx](https://www.columbushosp.org/news_events/importance_of_caring_during_covid-19.aspx).

To show your appreciation for the health care workers featured in the articles – or any CCH staff member - you can send them an eCard through the CCH website: [https://www.columbushosp.org/for\\_patients\\_visitors/healthcare\\_heroes.aspx](https://www.columbushosp.org/for_patients_visitors/healthcare_heroes.aspx). The cards can be customized to fit nearly any message and the free service is available around-the-clock. Once a submission is received, the card will be printed and hand delivered by a member of the CCH staff.

People can also send eCards to CCH patients through the CCH website: <https://www.columbushosp.org/e-cards.aspx>.
