

Tours of the NEW da Vinci[®] Xi[™] Robot

at Columbus Community Hospital

Learn about, see and experience the new da Vinci[®] Robot through simulation and interactive demonstration.

We are scheduling tours for area high school and college students enrolled in health sciences, robotics, automation and mechatronics courses in January 2023. Tour sessions, which are 60-90 minutes in length, take place at 4:30 and 6 p.m. and are limited to 8-15 participants at a time.

For more information or to schedule a tour, contact Debbie Pillen, VolunTEEN coordinator, at 402-562-4788 or drpillen@columbushosp.org.
